New Payer Insights application empowers health plans with comprehensive data insights to enhance healthcare operations and outcomes

Seattle, WA – June 17, 2025 – Milliman MedInsight® (MedInsight), a leading healthcare data and analytics software provider and division of Milliman, announced today the expansion of its [Payer Platform](#) with the launch of the new Payer Insights application. Powered by the [Milliman MedInsight Health Cloud](#), Payer Insights goes beyond traditional analytics by providing health plan organizations with actionable intelligence and comprehensive resources. Designed with accessibility in mind, the [Milliman MedInsight Payer Insights](#) application transforms complex information into clear, actionable intelligence. Even users with limited data experience can harness Milliman's industry-leading methodologies to perform sophisticated analyses, uncover cost-saving opportunities, elevate care quality, and enhance operational efficiency. Featuring interactive dashboards and flexible reporting options, Payer Insights empowers stakeholders to make informed decisions, drive strategic initiatives, and achieve stronger outcomes for both members and the organization.

"With the MedInsight Payer Insights application, we're enabling users to easily analyze complex healthcare data and transform it into visually compelling, shareable insights," said Marcos Dachary, Chief Market Strategist of Milliman MedInsight Payer Solutions. "This powerful capability helps organizations communicate key findings more effectively, drive better decision-making, and foster collaboration across teams."

Key features of Payer Insights include:

- **Reliable insights for everyone:** Give teams access to consistent, trusted data to support collaboration and informed decisions across the organization.
- **Speed to insight:** Quickly track costs, quality, and trends with easy-to-use dashboards and reports that can improve efficiency.
- **Meaningful benchmarks:** Accurately measure plan performance with high-quality data and tailored benchmarks that reflect unique populations.
- **Flexible data views:** Discover key insights with dynamic filters and views designed to match the organization's needs.
- **User-friendly access:** Get clear answers to complex questions through streamlined, advanced analytics and reporting.
- **Greater transparency:** Ensure leaders and analysts alike can confidently make decisions using the same accurate, accessible information.

"Payer Insights is designed to address the specific challenges health plans encounter, enabling them to discover deeper insights and drive meaningful improvements," said Lauren Piacentini, Director of Payer Analytics at Milliman MedInsight. "We believe this application will be a valuable resource for health plans of any size, empowering them to make smarter decisions and deliver better results in today's rapidly changing environment."
